An editorial

Zone change could prove grievous error

The City Council at its meeting Dec. 6 approved a zone change which could have far-reaching repercussions. By a 3-2 vote, the Council granted a change from A-1 (Agriculture) to R-1-D (Single Family Residential) on approximately 11 acres of property at the southwest corner of Mountain Avenue and 15th Street.

This action, we feel, was not in the best interests of the city.

Further, the participation by Councilman Max Hawkins in the zone change was an out-in-out case of conflict of interest. He was among the three who voted in its favor. The others were Councilmen Ronald Rossitter and Zella Stone.

Hawkins, who had voted against the same zone change for adjoining tracts of land three years suddenly reversed his position. The reasons were obvious. He now is employed by William D. Standlea, the petitioner for the zone change, who as head of the Standlea Realty Company was the agent in the land sale.

Had Hawkins disqualified himself, as he did at the first public hearing on the zone change in November, the vote would undoubtedly have resulted in a 2-2 tie, which would have defeated the proposal because of the deadlock.

However, Hawkins in knowing of this probable stalemate, elected to join the voting after asking for a legal interpretation from City Attorney Donald Maroney.

Maroney told Hawkins although he was of the opinion that Hawkins' participation in the hearing and his subsequent vote would not be "illegal," he did say it was "a matter of conscience for Hawkins" because of his relationship as an employe of the Standlea company.

Hawkins' deciding vote did more than give his employer a handsome boost in his private business. As pointed out by Mayor James Christensen at the public hearing the buyer reportedly paid $5,000 per acre more than the appraised value of $9000.

The immediate effect was an upgrading of the value of other property in the area, which also had been appraised by two different persons previously at $9,000.

And this is where the city comes in. As part of the development of Cable airport and the surrounding area, 160 acres are needed by the City for the proposed new golf course and other recreational facilities. This property adjoins the 11 acres given the R-1-D status.

To date, the city has acquired but five acres of the 160 acres and holds NO OPTIONS on the other 155. The city, incidently, paid $9,000 for each of the five acres it has acquired.

* * *

Meanwhile, after months of negotiation with federal agencies, plus a trip to Washington to confer with political leaders, the city is on the verge of gaining approval from the Housing and Urban Development (HUD) department approval of an open space grant whereby HUD will pay 50 per cent of the land acquisition.

The city submitted the two appraisals to HUD listing the land values at $9,000 per acre.

The 3-2 vote by the City Council puts this in jeopardy. The owners of the needed 155 acres probably will now seek as much as they can get up to the $14,000 price paid by the builder for the 11 acres on Mountain at 15th St.

This means it could cost the city and the federal Housing and Urban Development agency up to $775,000 MORE for the property and if that be the case it wouldn't surprise anyone if HUD suddenly abandoned the whole project, thus threatening the golf course, recreation area, and the Cable Airport protection and annexation. This would be a disaster!

We hope this doesn't come about. We hope the city can acquire this property at its true appraised value and not at its new speculative price.

* * *

This mistake has been made and the two great contributors were Councilman Hawkins who should have disqualified himself from voting and Councilman Ronald Rossitter, who played such a prominent role in the overall Cable Airport and recreational development plan and usually has tried to set high standards for the city.

It was coincidental, too, that some 32 land-owners in the area submitted a petition to the council endorsing the zone change which will have repercussions for months or perhaps years to come.

It might be added that the Council in granting the R-1-D zone change (single family residential) also voted against the General Plan by approving 7,500 square foot lots when the city's minimum is now 10,000 square feet.

Add that to a $5,000 inflated price per acre and the flagrant conflict of interest and it is obvious that Councilman Hawkins, in particular, and Rossitter, plus Mrs. Stone, chose the wrong path in casting their votes.

NEW BANK OPENS -- Mayor James Christensen snips the ribbon which formally opened the new branch of the Security First National Bank, Friday, Dec. 9, as O. B. Ellengin, senior vice-president of the bank; Russell Hazen, Chamber of Commerce president; and Richard E. Price, bank manager, stand by to assist with those heavy shears. $250,000 structure is located at intersection of Foothill Boulevard and Euclid Avenue. Several hundred persons attended the open house celebration.

Don Brownell new principal at Magnolia

Donald A. Brownell, assistant principal of Pioneer Junior High School, was appointed principal of Magnolia School last night at the regular meeting of the Upland Elementary School District, held in the board room on West 9th Street.

Vern H. Orum, district superintendent, announced Brownell's selection from a group of 10 applicants, all of whom had been personally interviewed by the school board.

Bob Nolan, assistant principal of Upland Junior High, has been appointed director of summer programs under the Federal program for the summer of 1967. Nolan will receive overtime salary as this position is in addition to his regular teaching schedule.

A request for authorization to write specifications, advertise and to bid for the purchase of three school buses was accepted. It was noted that the transportation study is not as yet complete and the board plans to submit findings at the January meeting. A bid for for three 66-passenger school buses must be accepted by mid-January in order to secure the buses for the September, 1967, school term.

A formal pressentation of a certificate of appreciation and commendation was presented to Mrs. Opal Hawes in recognition of her many years of service to Upland's educational system.

A resolution to expand the present field of search for new teachers in the Upland schools was presented and accepted. It was the board's feeling that they could find teacher applicants in the mid-western states, where there is much new work being done in the field of education. Plans were made to interview graduates from the bigger universities and colleges of the mid-west.

Ernest D. Kirkland, a board member, was named director of the civil defense and disaster preparedness drills for the next year. He announced plans for a monthly drill, in addition to the regular fire drills.

Other resolutions accepted were as follows:

--The allowing of William Birkes to teach outside his major.

--The ordering of school district elections for governing board members whose terms expire June 30, 1967.

--Approved a resolution ordering a pay rate of $14.76 per day for election officers serving on the governing board members election, April 18, 1967.

A resolution also was accepted whereby the school district would not assume any of the cost of mailing individual qualifications of school board candidates in the coming election.

The resignation of Miss Judith M. Woodward, second grade teacher at Sierra Vista School was accepted with regret. Mrs. Donna B. Wheeler was appointed to take her place beginning Jan. 3, 1967. Mrs. Mildred F. Branch was accepted as a teacher aide for the E. H. Class at a salary of $2.10 per hour.

Supervisors study plans to abolish Justice Courts

SAN BERNARDINO (CNS)--Formation of a single county-wide municipal court district, with eventual absorption of all the existing justice court districts into the one municipal district, was urged from two directions Monday upon the County Board of Supervisors.

The County Bar Association and Robert A. Covington, county administrative officer, made almost identical proposals to the Board.

Covington said the spiralling cost of operating justice courts makes some action necessary. Thirty-two courts in 1946 had a total budget of $97,260, he stated. With 25 courts in 1956, the budget was $237,953, and 21 courts now have a budget of $694,477, Covington added.

The bar association plan was presented by Hollis G. Hartley, president-elect of the group.

Both proposals call for declaration of the county-wide district, as soon as enabling legislation has been passed in Sacramento.

Next, in both plans the existing municipal court districts in San Bernardino Valley would be division of that county-wide district. Redlands would be the East Division; San Bernardino, the Central Division and Ontario, the West Division. Victorville would become the Desert Division in the bar association plan.

The justice court districts of Bloomington, Rialto, Etiwanda and Fontana would then be consolidated, to form a "Valley Division."

In Covington's proposal, Cucamonga would be annexed and added to the West Division, but it would be in the Valley Division in the bar plan.

The Chino and Upland districts would also be added to the West Division in both programs.

Both proposals stressed the better and more efficient justice which will be possible under a single-county-wide district. Under the bar association plan, each division would have its own presiding judge, with a presiding judge to be elected by the division presiding judges.

Under this plan, there would also be one chief marshal and one chief clerk for the county-wide district, with deputies for each in the divisions. Hartley said it was hoped all present elected marshals could be kept employed, at no loss in salary.

Supervisors welcomed the proposal for forming a single district, but agreed they would face objections to putting the rest of the two proposals into force.

"As I see it," said Supervisor Ross Dana, "we have two issues. One is forming the county district, and that's not too much of an issue. The second is consolidation, and that's where we'll run headlong into opposition."

Board Chairman Daniel D. Mikesell agreed. "We can expect a very hot hearing on this," he said. "I can only think of one that was hotter, which was when we formed the air pollution control district and had to find another place for the hearing."

Supervisors then agreed to study both proposals and to meet "informally" among themselves before calling a hearing. But they also agreed to hold the public hearing at "an early date," so the county's legislators will be prepared to push through a bill allowing formation of a single district.

WANDA KAROS

West End Symphony presents Yule Concert

Mezzo-Soprano Wanda Karos of Los Angeles will be under the spotlight when the Family Christmas Concert is presented by the West End Symphony Orchestra in Montclair High School auditorium at 7:30 p.m., Saturday, Dec. 17.

Miss Karos, who is the wife of the orchestra's conductor, Herbert Weiskopf, will sing three excerpts from the opera Carmen by Bizet--"Habanera," "Seguidilla," and "Gypsy Love Song." She also will be soloist for the Christmas song, "Cantique de Noel" (O Holy Night).

Miss Karos has been featured in the title roles of numerous operas and is well known to west coast stage, television and radio audiences. She was recently soloist for a presentation of "Aida" by the Portland Opera Company.

Another artist appearing at the Montclair concert is harpist Gayle Levant, also of Los Angeles, who will be featured in Maurice Ravel's "Introduction and Allegro for Harp and Strings." Miss Levant, who has been entertaining professionally for the past six years, is scheduled to appear with singer Tony Martin at the Riviera Hotel in Las Vegas in February.

The attention of the audience will be focused on the orchestra alone as it plays "The Unfinished Symphony" by Schubert, "Sleigh Ride" by LeRoy Anderson, and the Overture to "The Gypsy Baron" by Johann Strauss.

Tickets are $1 per person regardless of age and may be obtained at the auditorium box office between 7 and 7:30 p.m.

The concert will be followed by a reception to be held in the school cafeteria. Free refreshments will be served.

"An ideal Christmas gift--which keeps on giving throughout the years--is a United States Savings Bond," said San Bernardino County Volunteer Chairman Robert V. Fullerton.

ASSISTANCE LEAGUE SOCIAL HIGHLIGHT

'Mistletoe ball' is huge success

The Elks Club of Ontario blossomed into a "Jardin de Noel" Friday, Dec. 9, when nearly 300 Assistance League of Upland members, their husbands, and guests gathered for the Mistletoe Ball, a traditional social highlight of the holiday season.

The homes of four League members were opened to all ball guests for pre-party social hours hosted by League members.

Guests approaching the Jack B. Spence home were attracted by a lighted Christmas tree in the front yard. A gold and white theme predominated in the living and family rooms. A focal point in the living room was a hanging gold candleholder bearing twelve turquoise-colored tapers wrapped with flowers, leaves, and velvet bows. The black silk velvet ball gown worn by Mrs. Spence was enhanced by an heirloom diamond brooch.

A Della Robbia wreath on the front door of the Leslie A. Kalil home welcomed party-goers. Hanging in the living room near the white flocked Christmas tree trimmed with pink balls was a large ball of freshly gathered mistletoe. A pink and white color scheme was carried out through the house. Mrs. Kalil wore a white wool crepe floor-length sheath dress decorated with gold bugle beads and white pearls and accented with gold accessories.

A novel portal decoration rang out a preamble to festivities within the Herschel R. Glenn home in the form of "Jingle Bells" chimes. The felt wall tapestry depicting a green and gold Christmas tree hung in the entry, establishing the color scheme used throughout the house. A point of interest in the living room was a mobile of five gold angels in front of the fireplace. The mantle of the family room fireplace bore holly greens interspersed with twinkling lights. Mrs. Glenn welcomed her guests wearing a white ribbon knit bodice over a long white and silver skirt.

A large red velvet Santa Claus boot containing greenery adorned the front door of the John R. Cooper home. A garland of greenery decked the mangle. A gold angel rested on the buffet and a gold foil wreath dominated the family room. A Christmas tree sparkled in the patio. Beads trimmed the neckline and cuffs of Mrs. Cooper's light blue crepe gown featuring long sleeves of chiffon.

Hors d'oeuvres served during these social hours were prepared by Mmes. Nicholas Matusewicz, Charles T. Vath, James B. Vosseller, William Walton, and Robert J. Wayne under the supervision of Mrs. Spence who coordinated the preparations for the social hours.

Upon their arrival at the Elks Club, Mistletoe Ball-goers were received at the door by Messrs. and Mmes. Edmund Accomazzo, Rene Blanc, Richard DuVall, and William Walton. The sit-down dinner was served at tables decorated by white topiary trees trimmed with gold ribbons.

Throughout the party area, the gold and white ball theme was carried out with scattered decorations of gold ribbons holding snowflakes and gold balls. The stage, which held Chris Davis' Men of Melody, was draped with white swaths held by gold garlands. A revolving white and gold Christmas tree centered the dance floor.

Mrs. A. Clifford Downing, ball chairman, was glimpsed enjoying the results of her planning wearing a long bell-skirted leaf green slipper satin gown topped with a shell decorated with an applique of a leaf design embroidered in gold and silver thread. Her co-chairman, Mrs. Achilles P. Anton, chose for the festivities a cream-colored floor-length silk crepe gown with a beaded empire bodice. A re-embroidered lace top in the American Beauty shade over a long pink chiffon skirt was displayed by Mrs. Blanc, League president. The party attire for Mrs. Accomazzo, ways and means chairman, was a gown of silver metallic fabric appliqued with green flowers. Mrs. DuVall, Las Tias auxiliary president, was seen dancing wearing a pink sequinned blouse and a long black crepe skirt. Mrs. Walton, immediate past League president, was attired in a gold brocade jewel-necked gown with a full floor-length skirt.

Mr. Blanc acted as master of ceremonies. Assisting Mrs. James Van Antwerp with the awards activities were Mmes. Andrew Barmakian, George Brannan, Jack Causey, Fred Dischinger, William Fish, Robert Hamilton, Carl Hase, Matusewicz, Hugo Melillo, Jack Pierce, Howard Scarborough, and Alan Swinler.

The Student Wives Club of California State Polytechnic College, Pomona, will hold its second annual Christmas ball from 8 p.m. to midnight Saturday, Dec. 17, in the campus Gold Room.

Those attending the ball, "Christmas by Candlelight," will dance to the music of the Tom Holmes Orchestra. Semi-formal or formal attire will be appropriate for the evening.

Charity League tea a glittering event

Frosty white icicles suspending from the eaves, snow covered window panes and a brilliant assemblage of glittering trees created a winter wonderland atmosphere on the grounds of the Robert A. Olin home in La Verne, when Mrs. Olin was hostess for the annual Mother-Daughter Christmas Tea of the Foothill Chapter, National Charity League, Inc..

To the strains of traditional Yuletide musical compositions, guests were greeted by a revolving Santa amidst gaily wrapped packages and on entering found the spacious rooms ablaze with an unusual array of wise men and angel figurines, richly adorned, sparkling with pine and green fir lighted trees ornamented with gold, green and blue satin balls.

Garlands of spruce and holly tied with red satin bows accented the staircase where Christmas trees laden with pine cones, fruit pieces and berries set upon a background of pines fashioned by ninth grade Ticktockers, were used in decor.

Receiving the more than 200 Patronesses and their Ticktocker daughters were: Mrs. Olin, her daughter Mary Ann and the Mmes. Lynn W. Kloepfer, president; Richard C. Du Vall, first vice president; J. Douglas Robertson, second vice president; George K. Janesick, thrid vice president; Thomas A. Gibson, former chapter president and past president of the National Board of N.C.L.; Nelson A. Gray, former chapter president; Arnold W. Abbott, founder and past president; Floyd Plasman, advisory board; and the following senior girls: Susan Leman, Leslie Plasman, Kathleen Raddi, Lindon Reierson, Gayle Robertson, Patricia Weed, Nancy Wilkinson.

The dining room was resplendent in a color scheme of blue, green and white. An arrangement of blue and white frosted mums interspersed with pine, centered the beautifully appointed tea table, laid with white embroidered Madeira over blue satin and graced by tall shimmering white tapers in silver candelabra.

Pouring from the silver tea urns were Mmes. J. Dewey Harnish, honorary patroness of Foothill Chapter, N.C.L., Leo J. Lucas, John H. Hooval, J. Kenneth Hull, Miss Clara Lou Nisbet, sponsors; Robert G. Williamson, immediate past president of Foothill Chapter and regional director of the National Board of N.C.L.; Truman T. Ackerson, Foothill Chapter founder; and senior Ticktockers Lynda Ayers, Gloria Colombero, Jill Dugan, Susan Lucas, Maureen MacSween, Marianne Marianne Michael, Sira-Lisa Hinman and Christine Webb.

Replenishing the tea table and receiving wraps were eleventh grade Ticktockers Christine Campbell, Linda Christensen, Catherine Bilena, Janice Gibson, Christina Graue, Helena Keeshen, Stephanie McCauley, Kristine Melillo, Judith Mills, Penny Penque, Patricia Townley and Donna Wake.

Serving dainty tea sandwiches and cookies to guests were tenth grade girls Victoria Abbott, Laura Bescoby, Barbara Carr, Pamela Casey, Sally Casler, Heidi Chilcott, Gail De Carli, Suzanna Kimball, Paulette Magistro, Anita Michael, Susan Pendergast, Catherine Taylor, Bonnie Van Tubergen, Christine Vavrinek and Marilee Wake.

Ninth grade Ticktockers replenishing cups included Judith Ayers, Janet Alair, Anne Bescoby, Sharon Dight, Victoria Du Vall, Elaine Garner, Carol Gibson, Mary Hamilton, Barbara Janesick, Vicky Leman, Susan Martin, Kathryn Ann McBeth, Kathleen Melillo, Debra Parsons and Cinday Webb.

General Chairman of the delightful affair was Mrs. John T. Tomlinson, Jr.. Assisting were the Mmes. Harl Wilkinson, Jr. John R. Campbell, Robert Webb, Robert R. Poresman, Frank Hutchinson, Richard Clyde Garner, and Robert J. Laughlin, Jr., and Mrs. Harry James McBeth.

Ticktockers from ninth through twelfth grades under the direction of Mrs. Tomlinson, participated in all phases of arrangements for the formal afternoon tea, planning, writing invitations, making of cookies, tea sandwiches, decorations, serving and final clean-up.

Guests were afforded an opportunity of viewing the many and varied philanthropy projects completed by the girls. Mrs. George K. Janesick, philanthropy chairman, was assisted in the toy room by her daughter Barbara and senior girls.

Philanthropic endeavors included: stuffed toys, comforters and layettes for Santa Claus Inc., San Antonio Community Hospital, Home of the Angels and the West End Public Health Bureau, knitted shrugs and slippers for Pilgrim Place and tiny tot dresses and strips for weaving for Pacific State Hospital, Spadra.

Attending the affair from the newly formed National Charity League Juniors were the Mmes. David E. Peoples, Alan Swinler, Jr., A. Garey Anderson, James Preece, Donald G. Webber, Jr., Norman J. Naylor and Frederick Prins.

Out-of-town guests included Mrs. Donald H. Goodcell, regional director of National Charity League, Inc., from San Bernardino.

At last some of the adults connected with the University of California have started acting like adults. I hope some of it rubs off on those children called UC students and teaching assistants.

Roger Heyns, chancellor, has finally decided to play the role of chancellor instead of abdicating in favor of Mario Savio, and the Regents did what they should have done two years ago. Even the faculty has discovered law and order.

Could it be that they heard about the Nov. 8 election? There is a different attitude in the atmosphere in Sacramento now, and throughout the State of California.

Could be that Heyns, the faculty and the regents know that there is now some backbone in Sacramento and that the people of the State of California who are paying for that University (that came so close to being a useless-versity) are behind the idea of throwing out of the University cry-babies who want to use the university as the headquarters for their hedonism, instead of getting an education.

Looking over the modern scene, got a long telegram the other day from Audrey Franklin, publicity agent, inviting me to an interview with Dr. Timothy Leary, the worshipper of LSD.

Must be nice to have money to promote something like the use of drugs. Wonder who, or what finances Mr. Leary? Just misguided psychopaths, or someone with an anti-social purpose?

And to think that that self-appointed, self-annointed founder of a "great new religion" was recently a professor at Harvard. Now repeat after me, "We must have love and respect for all college and university profs, because they are profs."

Phooey. Some of them turn out to be all too human. Maybe some of them are something less.

Speaking of hukans, couple of weeks ago the clan attended a press preview of the new Los Angeles Zoo in Griffith Park.

Good news -- Los Angeles now has a zoo worthy of the name, worthy of a major city, worth going to visit and then go back again.

All three of us in the Clan love zoos. Maybe it's because they are so much like home?

We spent several hours at the Zoo. With thousands of press people all over the place, it was somewhat difficult some times telling which side of the moat or the bars was in and which side was out.

This is the first year in many that we haven't made a trip to the San Diego Zoo. We miss it, but just couldn't work it in. But the loss was greatly lessened by the opening of the new Zoo in L. A.

At L.A. I saw a few birds and animals I had never seen before, and I've haunted zoos for some time, for obvious reasons.

Next time you get tired looking at your mother-in-law, try the Zoo.

Dedicated To Building A Bigger And Better Community In Which To Work, Live And Relax

Thursday, Dec. 15, 1966 Page 8 — THE NEWS

257 E. 9th St., Upland, Calif. — YUkon 2-1385

Trees--a living memento

A program for beautifying San Bernardino with living Christmas trees has received the endorsement of that city's Park Commission. A similar program could very well be instituted here in conjunction with a year-round program.

The plan, briefly, invites families to purchase a LIVING CHRISTMAS TREE and after the holiday instead of relegating the tree to the trash heap it is PLANTED in the parks, school grounds or other areas.

Although it is a bit late for us to carry through with a program this Christmas season it is well worth planning for not only next year but throughout the next 12 months.

For example, families and fraternal and civic organizations wishing to contribute trees to the parks and schools could have a living memento as their personal part in our future.

We have various park sites which will be developed over the next few years. Early planning with everyone in the community sharing in the beautification of these sites would be a worthwhile endeavor.

Each tree could bear some appropriate marking as to its donor. Selection of the type of tree would be left to the discretion of a Parks and Recreation Committee or Chamber of Commerce.

Similar programs have been successfully introduced in other California cities. Supplementing this with the Christmas tree plan next year, we will be planning our community beautification program well in advance and the donated trees will be growing over the years that the park sites are dormant.

We might well consider this proposal and investigate its potential.

Trees contribute so much beauty to any city but it takes years for them to reach their full stature.

Planning ahead in this manner would be a great help in developing the park sites as the population warrants placing them on an "active status."

This program merits attention.

An editorial

Let the buyer beware!

Ah Christmas time. Isn't it wonderful, the way Christmas can bring every crook, every con artist out from under rocks to prey on the gullible?

Yes, unfortunately, Christmas does bring out the worst from the woodwork, and they don't care who they gyp.

If you have made it through the season thus far without being contacted, you must have been out--in orbit.

Why, one crook this year is hitting where it hurts the most, in the tax pocket. He calls, representing himself as a tax collector, and goes out to the house to pick up a tax payment.

Then there are always the type who hate to have you read the fine print. They will sell anything. They never limit themselves to any one type of merchandise.

Beware anyone offering the moon, unless you meet him in orbit. In that case he may have been there and knows the way.

But while you are earthbound, be careful. Read the advertisements in your local newspaper. You'll have a merrier Christmas that way.

New books at Upland library

By PHYLLIS FROST
Children's Librarian

The Christmas season is upon us. Children are agog with excitement in anticipation of the school holiday and bemused with "visions of sugar plums" in the form of bikes, dolls, sleds and games. After all the cookies and fruitcakes are baked, the house decked with greens and color lights, the gifts bought and hidden, there comes a lull (not for the adults, we fear) when the children are at a loose-end. Why not try a trip to the Upland Public Library where Christmas books are on display for their use, and, as a special treat, a stock of brand-new books are ready for circulation. Every age and interest can be served. Picture books for the pre-schooler:

PICK A RAINCOAT, PICK A WHISTLE (Bason) -- Amusing pictures complement a lyrical exploration of the many ways leaves are used by people around the world.

WHEN THE WIND STOPS (Zolotow) -- A gay answering of children's questions.

HOOPLA-HOPPLA FARMERMAN (Winter) -- Oversize, block-print illustrations in vivid, primary colors tell of the everyday life on a little farm. "Hoppa-hoppla, hop to it!"

FIREMAN, SAVE MY CHILD (palazzo) -- A hilarious story about Daisy (a cat) who falls into the space between two buildings and has to be rescued through the combined efforts of the Police, Fire, and Water Departments, plus the SPCA, the landlord, and Mary Jane.

Books for third and fourth graders:

TEACHER'S PET (Miles) -- Lottie's clothes, especially the sweater knitted from war-surplus yarn, were all wrong, and the girls teased her. Clara, the cat, came to the rescue in an unusual way.

BORIS, THE LOP-SIDED BEAR (Schmitt) -- Boris gets fixed up almost as good as new to restore Aunt Doris to a little boy's affections.

THE ICE PALACE (Cooper) -- The magic of the ice palace cools off a delighted princess and turns a cold queen into a warm mother.

THE NONSENSE BOOK OF NONSENSE (Heavilin) -- Illustrations and rhymes combine to tickle the "funny bones" of our children.

HENRIETTA GOES WEST (Carlsen) -- Chris, Pete, and Jenny go West with Uncle Elmer and Aunt Em in Henrietta, a Willys-Knight, vintage 1925. The adventures and distractions of the trip insure the reader's interest to the last page.

PERSIAN FOLK & FAIRY TALES (Mehdevi) --These are sure to please the fairy tale addict.

Fifth and sixth graders:

ANOTHER MAN O' WAR (Anderson) -- This is certain to be a winner with our "horsey" fans.

ANIMALS AT MY DOORSTEP (Hoover) -- The author writes warmly about the animals that come to her home in the woods of northern Minnesota. Mr. Shimin's illustrations are outstanding.

KIMO & MADAME PELE -- (Nielsen) -- Kimo and Hiroshi are lively boys, and the grandmother is an unforgettable character. Conflict between the old legends and the new scientific knowledge makes a suspenseful story.

HEROES AND HEROINES OF MANY LANDS (Strong) -- Thrilling stories of the great men and women in history who conquered through courage--from David, who vanquished a giant, to Mahatma Gandhi, who was a warrior without guns.

ANDY BUCKRAM'S TIN MEN (Brink) -- Fantastic adventures of Andy's tin men that he built from tin cans and scraps of metal and odds and ends.

Seventh and eighth graders:

CALLING ALL GIRLS PARTY BOOK (Saunders) -- The how and what book to successful teen parties.

FLYING FREE (Brodtkart) -- A true and compelling story about the Golden Eagle--how it lives, prepares its nest, cares for its young, and what it eats. It is a story filled with action and suspense.

MEDAL OF HONOR HEROES (Reeder) -- A Landmark book filled with exciting stories of bravery beyond the call of duty.

TREASURE TREE (Hall) -- Adventure-minded girls will love the romance and the realism of this engaging tale of a shipwrecked young couple.

OUR SPACE ENVIRONMENT (Stern) and HOW SCIENTISTS FIND OUT (Lotspeich) -- Both these books will be well received by our young scientists.

WOMEN WHO SHAPED HISTORY (Buckmaster) -- The six heroines in this book shaped history through courage and determination. All had one characteristic in common -- the unswerving conviction that injustice must be exposed and eradicated.

These are just a few of the new books to be had at your library. Come in, choose, and enjoy.

A reminder for the Story Hour crowd; Story Hours are on Wednesday. The pre-schoolers meet at 10 a.m., the primary children at 3:30.

FAIL TO VOTE ? YOU'RE OFF LIST

SAN BERNARDINO (CNS) - The names of 60,000 persons who failed to vote in November's general election are being purged from the registration rolls by Mrs. Eleanor Felton, County registrar of voters.

Notices are being mailed to those being eliminated, Mrs. Felton said. They may be reinstated by returning the postage paid reply card received with the purge notice.

State law requires the elimination of persons failing to vote in the general election.

Dear Mr. Orvis:

Your article of Dec. 8th regarding "Berkeley types" deserves rebuttal beyond the obvious. Most apparent is your lack of discrimination among:

(1) students & non-students (which never appeared in the article)

(2) majority and minority of students (which was left for last paragraph separate from the article)

(3) responsible and irresponsible faculty (never mentioned).

You say critical things in this article's main section, and then try to soften or dilute or whitewash them later. DO YOU KNOW WHAT YOU REALLY THINK ABOUT CALIFORNIA EDUCATION? Or was the article just idle "filler" copy?

I'd like to offer you and your readers another viewpoint about your article and about repeated sensational publicity about the Berkeley situation. SUCH ARTICLES ARE "RED-HERRING" OR WALLET-PROTECTING DEVICES. They may be personally or politically motivated distractions from the more basic education matters of finance and personnel allocation in California.

As a professional, I know that children need certain conditions in which to grow. They particularly need adults who are convinced of the greater value in life of Truth, Justice, Liberty, and Love over that of money and power. Children need adults who can adapt to change by gathering reliable information, by taking the best of the past & present and combining them with innovations for use in the future. Adults are needed as models for growing children who do not fear their own ability to make new choices or decisions, who believe in their capacity to cope with the future. Intimate and daily contact with such adults is a big part of education. However, to a psychologist, BOTH DOCTRINAIRE LIBERALS AND DOCTRINAIRE CONSERVATIVES ARE EQUALLY BAD MODELS because they are blind to evidence contrary to their viewpoint, because both are basically fearful & insecure in the present, and both are too preoccupied to relate well to students. Both extreme politically should be controlled in effect on education because they look at the world more selectively and more rigidly than most of us fallible humans. California education cannot be represented or seen truly in Berkeley, alone.

What is customarily said about University of Cal at Berkeley in recent articles and discussions is often limited to four "themes":

(1) non-conformity to rules (faculty & student)

(2) excessive use of alcohol and any use of L.S.D.

(3) sexual promiscuity

(4) wasting time and money

WHAT DEFINITELY CODIFIED BELIEFS HAVE BEEN SET UP BY CALIFORNIA ADULTS AND COMMUNICATED TO GROWING CHILDREN REGARDING THESE MATTERS? I'd like to comment on them as I see them communicated:

(1) Adults want both conformity and innovation--responsible innovation. However, adult artists and scientists are currently viewed by most citizens with some considerable suspicion and distrust. Adults appear UNDECIDED ABOUT GENIUS; we understand and are comfortable with long, methodical hardwork --not sudden inspiration.

(2) LSD use bloomed WHEN THERE WERE NO EXISTING STATUTES TO COVER IT and legal authorities still doubt that adults have spoken convincingly and sufficiently in the law. And listen to confused adult arguments about laws controlling use of alcohol while driving!

(3) Adult sexual promiscuity is described and condoned in papers, magazines, and TV. Multiple divorces and marriagees among the rich, elite "jet set" are incessantly publicized and dramatized.

(4) An over-riding concern with money is repeatedly communicated to pupils--in many homes and most schools. When will expenses for education in an economy of abundance be such as to facilitate (not just occasionally permit) the capable U. C. student asking his own question of an EXPERT FULL PROFESSOR (not a graduate assistant) in a class of 50 (or 20??) DURING THE FIRST THREE YEARS? What conditions foster new knowledge for personal, domestic, and inter-national use? Have we purchased the conditions for the "top 12 1/2% of our high school graduates"? Obviously, we have not.

In conclusion, WHEN ADULTS ARE MORE SURE OF THEIR BELIEFS AND VALUES, WHEN THEY ARE PUBLICIZED & REWARDED, AND WHEN THEY ARE PAID FOR SACRIFICIALLY, children may more nearly approach the ideal blends which we hope they will be. What is really remarkable about California education (including U. C. at Berkeley) is that it has handled at all the GREATEST POPULATION MOVEMENT THAT EVER OCCURRED ON THE EARTH'S SURFACE. What is remarkable about students is that they can try to innovate and learn under pressures like Viet Nam, etc.. Last week's "File 13" and other articles of its ilk distract adults from their own confusion and help postpone payment for better education, help put off decisions on local control of education, and help delay solution of historic administrative problems between Board and Superintendent in governing and directing all education in California.

Let's support a capable Chancellor Heyns (do your readers hear about him?) and a majority of a dedicated, competent faculty at U. C. at Berkeley. Then, let's turn away for awhile to TAKE A REAL LOOK AT CALIFORNIA EDUCATION--at eucational personnel allocations, increased costs, and challenges to local control, in particular.

To the Editor:

Today I was handed a copy of your paper by a friend that knows that I am an avid Editorial reader and he asked me to read your Editorial page, which I did.

Well, I am 78 past and have done a lot of reading but not since I left the old Cucamonga School in the 90s have I ever run into an Editorial that really laid it on the line as yours did.

Years back we had editors that tried but were smacked down under duress.

Enter my subscription for your sheet as I am quiting another in favor of yours and say, Mr. Editor, more power to you.

Just a line from an old hasbeen.

Brown names Katz to municipal court

Gov. Edmund G. Brown has announced the appointment of Judge Joseph A. Katz, judge of the municipal court in the San Bernardino Judicial District, as judge of the superior court, San Bernardino County.

Judge Katz has been appointed to the judgeship which was created by the 1965 Legislature, and which became effective January, 1966.

"Judge Katz is an outstanding jurist and has broad experience," Gov. Brown said. "His understanding of judicial responsibility and his personal integrity well equip him to serve on the superior court bench.

"I am pleased to appoint Joseph Katz to this judgeship."

Judge Katz, 47, is a native of Minneapolis, Minn. He received his B.S.L. degree from the University of Minnesota. He received his LL.B. degree from Minnesota Law School. Judge Katz was admitted to the State Bar of California in 1948.

From 1948 to 1954, he was engaged in the private practice of the law in the firm of Spears and Katz. Until his appointment to the bench early in 1966, he maintained a private practice alone.

Judge Katz has served as a member and chairman of the Air Pollution Hearing Board, San Bernardino County. He was appointed a member of the San Bernardino County Bar Association and the California State Bar Association. He is active in civic affairs, and is a member of the Jewish War Veterans, the Veterans of Foreign Wars and the B'nai B'rith.

Judge Katz is married and has three children. A Democrat, he resides at 595 East Avery Drive, San Bernardino.

The November apportionment of state highway users taxes among the state, cities and counties amounted to $50,902,657, with San Bernardino County receiving $352,959 as its share.

Controller Alan Cranston reported that $11,041,237 went to the counties. The State Highway Fund for Cities received $4,926,090; the State Highway Fund for Counties and Cities, $7,066,392, and $27,868,938 went into the State Highway Fund for Expenditure on Highways.

Holiday phone call advice

Traffic jams go hand in hand with the holidays, and the tie-ups due over Christmas should prove no exception. However, not all of this seasonal squeeze will be felt on the nation's highways.

A tangle of congestion also is expected to clog the country's telephones, where the volume of call--referred to as traffic in the industry--should be even heavier than usual for a holiday period, predicted Howard P. Barlow, traffic director for General Telephone Company of California.

"The greatest volume will, of course, occur on Christmas Day. But since it falls on a Sunday, thereby creating a three-day weekend, we also look for a good deal of calling to spill over to Monday," he said.

Barlow pointed out that customers would find it easier to get their calls through if they placed them a day or two prior to Christmas. He also noted that various reduced rates for out of state calls will be in effect from 6 p.m. Friday until 4:30 a.m. Tuesday. Other reduced rates will apply for long distance calls within California after 6 p.m. Friday and Saturday, all Monday, and Christmas Day itself.

Other timely suggestions which General's traffic director said will help make holiday calling more convenient included:

"Obtain in advance the holiday numbers you plan to call. With Direct Distance Dialing, the information operator in any city in the nation can be reached without charge by dialing the area code, if different from your own, and 555-1212.

"Whenever possible, dial the number direct, rather than placing it with the operator. While she will be more than willing to assist you, you'll find it quicker and more convenient to do it yourself during the busy holiday season.

"For non-DDD areas such as Etiwanda, the operator will be able to give you faster service if you first give her the area code for the number you wish to call."

According to Barlow, "these hints offer some of the same advantages as taking the alternate route suggested in our freeway reports. By doing so, you'll save time, get where you're going more easily, and avoid those troublesome traffic jams, whether in your driving or telephone calling."

To facilitate the processing of calls, operator forces in all toll offices will be increased to maximum strength.

BUSY DAYS AT POST OFFICE -- As the poster says, "Mail Early and Use Zip Code." Werner Maneck (left), former commercial artist and now a carrier with the Upland Post Office, and Stanley Dimmitt, another carrier, were members of a committee which set up this Christmas display in the post office lobby. Dimmitt is president of the National Association of Letter Carriers, Branch 2168. Maneck did the actual art work with the Santa and the poster. The Upland Post Office will handle approximately five million pieces of Christmas mail, according to Postmaster John W. James. In preparation for the peak of the rush, 20 additional employees have been added to the normal staff of 80. The carriers made one important request and that was that the residents please bundle their mail.

A&P something for "Harry the Hacker"

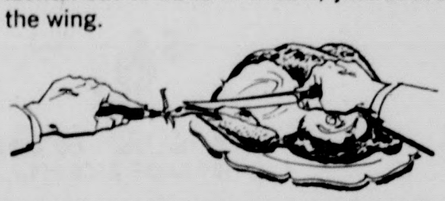
Lots of us are known as, "Harry the Hacker," because of what we do to a Christmas Turkey.

The secret to classic carving is a very sharp, thin-bladed knife.
Allow bird to sit in roasting pan 15 to 30 minutes.
It will slice cleaner and the juices will be absorbed, too.
Follow these simple directions:

1. Cut off leg by drawing knife deeply between leg and body through hip joint. Press leg away from body and remove.

2. Before slicing breast, make a deep horizontal cut to bone in breast, just above the wing.

3. Beginning about halfway up breast, slice downward with straight even strokes until slices fall free at cut.



4. Cut off wing through shoulder joint. Cut off wing tip. When one side is clean, turn platter and carve other side.

If your Harry's a Hacker,
cut this out and put it in his Christmas Stocking.
One final thing you can do for "Harry" . . . buy your turkey at A&P.

Our Super-Right Turkeys are all Grade "A" birds.
Harry will carve such beautiful slices
you'll want to rechristen him, "Sam the Surgeon."

First installment

County's largest taxpayer makes $4,405,495 payment

The largest taxpayer in San Bernardino County, Southern California Edison Company, paid the first installment of its local property taxes for 1966-67 this week. The amount: $4,405,495.81.

an additional $4,405,495.81, the final installment, will be paid on April 10, bringing the total the investor-owned electric company is paying in ad valorem taxes in San Bernardino County alone this year to $8,810,991.62.

As in years past, about half of this money will go directly to the support of public schools in San Bernardino County, according to C. G. Shores, Edison local manager.

He said the grand total of Edison's 1966-67 property tax payments in 15 counties will amount to a record $60,672,192.19. The first installment alone, being paid Dec. 12, comes to $35,860,707.07.

Taxes of all types continue as the largest single item of expense to the company, Shores said. "This means that about 22 cents out of every dollar Edison customers pay on their electric service bills goes to the tax collector at various levels of government."

Public hearing planned on tax list publication

SAN BERNARDINO (CNS) -- A proposal to share the legal advertising on county delinquent tax lists among the weekly newspapers and all but two of the county's dailies was made Monday, Dec. 12, to the County Board of Supervisors.

It was stated that the program would save the County $8,000 annually, on its present bill of about $30,000 for the publications if more than one newspaper is used.

The proposal was made by Archie B. Corvin, business manager of the FREE PRESS, a San Bernardino weekly. He said he spoke for publishers of 21 of the county's weekly newspapers. If the Supervisors agree to the plan, he said, an offer would be made to the dailies, excepting the Ontario DAILY REPORT and the San Bernardino SUN-TELEGRAM, to share in the plan. The latter papers could not afford to print their share of the list at the price the county would be paying, Corvin said.

In addition to the financial saving, the county would be getting wider coverage for its lists, Corvin declared. He said the Free Press would act as the agent for the other papers and that the list would be broken down into the circulation areas of each of the newspapers.

The county has been rotating the publication among dailies, and G. Leon Gregory, county tax collector, said Monday the county had not taken advantage of the right to spread the advertising because of the bookkeeping expense would be great if his office had to deal with more than one newspaper. But he added that dealing just with the FREE PRESS would solve this problem.

Supervisors showed some misgivings about turning the publication over to weeklies which might not have the circulation in the biggest centers, San Bernardino and Ontario. They ordered Robert A. Covington, administrative officer; Stanford D. Herlick, county counsel, and Gregory to study the proposal and make a recomendation.

A public hearing, to allow representatives of the daily newspapers a chance to express their views, will be held before final decision was reached, the Board agreed. Gregory said action should be taken around the first of the year, so his department can prepare for the publication of the delinquent list in June.

Supervisors support state sales tax hike

SAN BERNARDINO (CNS)-- An increase in the state sales tax from four to five per cent will be proposed to the 1967 legislature by various groups, including the San Bernardino county Board of Supervisors.

Funds generated by this tax increase would be applied to reduction of property taxes, most of the various proposals stipulate.

Santa Claus in 'private eye' role

Santa Claus is a detective this season. He is hunting for a former resident for the purpose of giving an unexpected and valuable Christmas present.

This person is one of the 25,000 missing stockholders being sought throughout the nation on behalf of large corporations who are very anxious to deliver dividend checks, cash surrender values and other interests due the "lost" stockholders. This huge task has been assigned to Tracers Company of America, whose headquarters are in New York City.

Mail to these "missing" shareholders has been returned by the Post Office marked, "address unknown." If the original owners of the stocks are deceased, the funds will be paid to their heirs or next of kin.

As Santa's helper, Tracers Company, specialists since 1924 in finding all sorts of missing people, is trying to complete this job by Dec. 25.

According to Tracers, there are over a million "missing" shareholders in America today who do not know that they have over $3,000,000 coming to them. Many forgot about their holdings during the lean years when no dividends were declared. Some are unaware that they have inherited the shares and others simply threw the certificates into a storage trunk and to this day consider them worthless.

American and Canadian securities dating back to 1860 can be checked and many of them are worth money, even if the issuing company has liquidated or changed its name. More than 5,000 people in the past few years have collected sums ranging from $25. to $4,000. by having Tracers Company research old shares that had previously been considered of no value.

The "missing" stockholders being sought in Upland together with the last-known address, is Bernie Ramon, 824 Sycamore Court.

Information pertaining to this individual, or his heirs, should be sent directly to Tracers Company of America, 515 Madison Ave., New York, N. Y., 10022.

During his more than 200 hours of training, he learned about weapons and combat techniques from combat veteran instructors. They taught him how to conduct combat patrols, detect and remove mines and booby traps and use the standard Marine Corps infantry weapons.

He will now receive at least four weeks of specialist training before being assigned to his first permanent unit. Marines going to combat units will get detailed training in the particular combat skill they are designated for. Those who are going into technical fields will receive their advanced training at one of a variety of technical schools throughout the country.

The 90,000-ton attack carrier departed her homeport at the Alameda, Calif., Naval Air Station in mid-November and has been undergoing operational readiness exercises in the vicinity of the Hawaiian Islands.

Operations at sea include fire fighting, navigation, flight operations, weapons handling and seamanship drills designed to keep the crew in a state of combat readiness. After intensive at-sea training visits were made to Pearl Harbor, giving crewmen a chance to see the Honolulu area.

Caution is fire safety key over Yule holidays

Caution is the keynote which Upland Fire Inspector Paul Harmon stresses in providing for fire safety during the holidays.

Said Harmon: "Beautifully decorated homes can turn into a pile of smoking debris if improper wiring and overloading of circuits are permitted.

"The increasing number of electrical fires indicate the overloading in homes and with carelessly installed electrical decorations we will have more calls.

"The possibility of rain can also play havoc with improper wiring.

"Even the lawn decorations can electrocute an unsuspecting child if proper steps are not taken to ground appliances and observe other proper electrical procedures.

"Caution with electricity is the best way to enjoy its beauty."

Harmon continued: "Caution with Christmas decorations is also a must for holiday safety. Even in this modern day and age we still have candle fires. Their beauty, romantic and nostalgic appeal can be shattered in a matter of moments if they are forgotten or not placed with proper concern for the extension of fire from a spill or tip over.

"Young people and adults both have been involved in making decorations with paraffin, which is just a hydrocarbon by-product. These vapors have flashed into fires while the unsuspecting victim stood by helplessly unprepared for such an accident.

"Holiday decorations near heat of any kind can contribute to an unsafe condition. Use caution. We all know about Christmas tree safety and we feel that it will be the other person to whom an accident will happen - not us.

"Each year we stress caution with burning papers in fireplaces and the need for screens on all fireplaces. Chimneys should also be screened. Dry wood shingle roofs need only a small spark to burn.

"To enumerate every cause or source of fire hazard over the holidays would be impossible. However, with simple precautions fir fire safety, a safe and happy Christmas can be enjoyed by all," Harmon said.

Top award for Uplander

A young man whose conscientious effort in his assigned task encourages his co-workers to strive harder to stamp out defects and error causers has received one of the few Certificate of Achievements given individuals under the Zero Defects program at Pomona division of General Dynamics.

Rosendo Ramirez, production processer in manufacturing development, was presented one of only three such awards going to individuals within the department in the last three years. In fact, not more than seven Certificate of Achievements have been awarded altogether throughout production areas.

Ramirez, of 873 N. 9th Ave., Upland, was recognized for "technical excellence and conscientious application of his effort above and beyond his assigned duties."

According to his supervisor, A.M. Murphy, Ramirez is aware of all potential error causers existing in his field of activity - development of weld schedules and calibration of 3-D welding machines.

In addition to his regularly assigned function, Ramirez has personnally checked the module kits in the Standard Missile factory area to assur that all components and lead materials are as specified and are compatible with the weld schedule callout. When discrepancies are noted, Ramirez has made the necessary adjustment to the weld schedule and advised the applicable supervisor and factory personnel.

A native of Pomona, Ramirez joined the division in 1959 as an electronic assembler.

Coin Club to install new officers

The officers elected for the year 1967 will be installed at this meeting. All members are asked to be present for this service.

Members are reminded to bring a display. Awards will be given to both juniors and seniors. Also, the person who accumulated the most points for displaying throughout the year will receive his award at this meeting.

Refreshments will be served. There will be paid-up membership prizes as well as numerous other special prizes to be given away.

This will be the Christmas meeting and Santa Claus is also expected to be in attendance. He will be bringing gifts for the children.

Visitors are welcome and all are invited to attend.

Upland High Drama Club presents play

Members of the Upland High School Drama Club recently put their talents to work in three rehearsals and presented a one act play for three classes in Family Relations of the Homemaking department.

Mrs. Elizabeth Stark, Family Relations instructor, asked the group to give the play, "High Pressure Area," by Nora Sterling to illustrate an area of class study.

Under the direction of Laura Lafrenz, a senior student, a cast of four gave the play for three classes.

The story concerned a pair of teenage girls tempted to embark on an unwise escapade and how the attitudes of their parents determined their final decision.

Taking part were Donna Ranney as Sally Wickham, Bernadette Bernardi as Ruth Morgan, Kathy Bracken as Sally's mother and Mike Sandeman as Sally's father. Miss Beulah Bayless is the Drama Club advisor.

Emergency phone procedures told

A house catches fire, and precious minutes are lost while the householder fumbles for the telephone number of the fire department. Knowing the proper precedure to follow, however, can save those important minutes and thus help forestall major trouble, according to C.B. Miller, Ontario division manager for General Telephone Company.

He offered these suggestions to help save time when an emergency does arise:

1. "Keep an updated telephone list of correct emergency telephone numbers by the telephone. As a service, many emergency numbers are listed by community in the front of the local telephone directory."

2. "Dial the emergency number yourself whenever possible--it's faster. The operator, of course, will put your call through as quickly as possible should you need her aid."

3. "Remain as calm as possible. Explain the situation and give your address and telephone number."
